RE: County Assessor and Auditor Data Compliance

Dear President and Members of the Pulaski County Board of Commissioners,

Thank you for your hard work over the last month in achieving compliance with the Department of Local Government Finance's ("Department") July 20, 2007, letter. I particularly want to thank Holly Van Der Aa, County Assessor and Thomas Shank, County Auditor for Pulaski County's recent data submission to the Department in response to this letter. These officials should be commended on their hard work in achieving data compliance for the following top-priority datasets:

<u>DATA SET</u>	<u>OFFICIAL RESPONSIBLE</u>	<u>ORIGINAL DUE DATE</u>
2006 Sales Disclosure Data	County Assessor	March 1, 2007

Because the datasets requested in the July 20, 2007, letter are now compliant, the Department will release Pulaski County's 2007 budget order, if held, and continue processing the pending 2007 debt issues, such as construction projects and emergency loans. Also as a result of the county's timely submission, the Department will not withhold Pulaski County's property tax replacement credit ("PTRC") at this time.

I would like to congratulate Pulaski County for being the first county to achieve compliance with both top-priority and historical datasets. The importance of county compliance with the Department's data requests has never been more crucial. Governor Daniels and the Indiana General Assembly are conducting an in-depth analysis of the property tax system in our state. To continue this analysis, and as an important policy-making tool, obtaining full and accurate datasets from each county is crucial for the success of these efforts.

Counties may check the status of each dataset by accessing the statewide data status spreadsheet, which is updated weekly, on the Department's website at <http://www.in.gov/dlgf/rates/>.

As a reminder, all data submissions should be directed to Diane Powers, Director, Fiscal and Management Analysis, Indiana Legislative Services Agency at dpowers@iga.in.gov. I appreciate your continued hard work in ensuring that Pulaski County becomes compliant with all data submission statutes and regulations. Working together, we can provide a fair and equitable system for all Indiana taxpayers.

Sincerely,

Cheryl A.W. Musgrave
